The TrailMaster MINI XRX/R model makes the best go-kart for anyone just learning the ropes. Kids will love how cool the model looks thanks to the design that almost mimics the body of the larger TrailMaster XRS.

The MINI XRX/R has an 163cc, 5.5hp engine with Electric start and pull start backup, Rack and pinion steering wheel, Two wheel drive, live axle and full suspension front and rear won't take your children over 18 mph and is so simple to drive they'll be ready to take the trails without your instructions after a few minutes practice.

Bucket seats with safety seatbelts & adjustable pedal seat large and small safely. The design also features padded upper brush guards and side railing to add an extra level of safety.

The safety feature parents love is the two remote controller starter/stopper fobs that will shut down the go-kart from up to 100 yards away! It also has a Speed Governor, LED headlights, & horn that round out the features on this safe and fun Go-Kart that the kids love!
